TECH 10 BOOTS

KTM

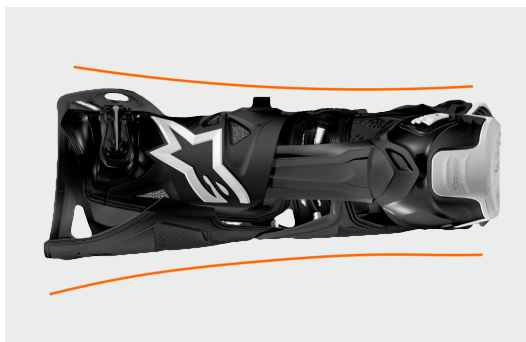

TECH 10 BOOTS

The Tech 10 has set the standard for Motocross boot performance and protection for well over a decade. The completely redesigned Tech 10 boot raises the performance envelope even further. Perfection through innovation; while maintaining the iconic Tech 10 look, the new boot represents an entirely new approach - improving its ability to give a rider the ultimate in feel, comfort and safety.

The Tech 10's re-design has been guided by three priorities as the Alpinestars technical footwear development team looked to improve overall functionality, performance and safety, decrease weight and reduce material volume. Maximizing these priorities is the key achievement of the new Tech 10 and the result is an all new boot with a greater range of movement and flexibility while offering better control over the flexion and torsion forces that significantly improve boot performance, giving the rider greater confidence and protection.

FEATURES

STREAMLINED DESIGN

LOW PROFILE TOE BOX
GREATER FEELING OF CONTROLS

5 DENSITIES INJECTED SINGLE PIECE SHELL

CONTROLLED FLEXIBILITY
SUPPORT AND IMPACT PROTECTION

5 DENSITIES INJECTED SINGLE PIECE PANEL

CONTROLLED FLEXIBILITY
SUPPORT AND IMPACT PROTECTION
MEDIAL AND BACK PANEL

DYNAMIC HEEL COMPRESSION PROTECTOR

INTEGRATED PATENTED COLLAPSABLE SHOCK ABSORBER
FOR HIGH IMPACTS

DOUBLE PIVOT MOTION CONTROL

MEDIAL PIVOT
LATERAL MULTI-MECHANICAL LINK
CONTROLLED FREE FLEXION MOVEMENT
VERTICAL SUPPORT

HYPER-FLEXION PROTECTION

FRONT FLEXION CONTROL
DUAL BLADE SYSTEM
DOUBLE DENSITY FLEXION FORCE ABSORPTION FRAME

FLOATING SHIN PLATE

FRONT FLEXION CONTROL
IMPACT PROTECTION
PRECISE FIT

PREMIUM BUCKLE SYSTEM

COLD FORGING TECHNOLOGY
SELF ALIGNING, EASY TO OPERATE, DURABLE

3D MEDIAL GRIP ZONE

OVER-INJECTED SOFT TPU INSERTS
OPTIMIZED FEEL ON BIKE CHASSIS
