BLACK/GRAY/ORANGE KTM (174).

Technical Standard: **EN 13634:2017** Protective footwear for motorcycle riders – Requirements and test methods.

EU Type Examination Certificate

Date: 2019/01/22

n. **084190404/OE**

Validity:
2024/01/21

Intended use:	use by motorcyclists for off-road activities and for touring.
Size range:	from US 7 to US 13
Technical File:	DC-10003/E
Test report:	RCT n°3743048/E

Functions and performance levels:	Requirements according to EN 13634:2017: all mandatory ones, among which:	
	Height of upper	level 2
	Impact abrasion resistance of the upper	level 2
	Impact cut resistance of the upper	level 2
	Transverse rigidity of the whole footwear	level 2

optional requirements according to EN 13634:2017:

WR = water resistance of the whole footwear;
WAD = water absorption and desorption of the insole/insock.

NOTE: The Technical Standard provides 2 performance levels with level 2 meaning the higher performance.

Marking:	printed on different stitched labels showing the following information:
	- CE Marking;
	- Name/Trademark of the Manufacturer + complete address (on a different label);
	- pictogram indicating motorcycling use + nr / year of the Standard of reference + levels of performance reached during laboratory tests + optional symbols for additional features;
	- the "i in the booklet" pictogram inviting the user to read the User Manual;
	- designation of the footwear (alphanumeric code: unique/unambiguous);
	- size of the footwear (US + EUR + JPN);
	- additional information: "Made in...", "Designed and developed in...", internal codes, date of production (month – year, on a different label).
