

EU Type Examination Certificate

Date: 2020/07/10

n. **084202801/OE**

Validity:
2025/07/09

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II).

Manufacturer: (Responsible of the PPE)	ALPINESTARS SpA Viale E. Fermi, 5 – 31031 ASOLO (TV) – ITALIA
Type of PPE:	motorcyclists' protective footwear
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.
Model:	"KTM FASTER-3 RIDEKNIT 0251121" col. BLACK/ORANGE (14)
Description:	<p>BLACK/ORANGE (14)</p>  <p><u>fastening system</u>: by means of laces and a strap with hook and loop closure; <u>processing</u>: Ago; <u>outsole</u>: black rubber marked "ALPINESTARS" in the heel area and with white logo in the toe-tip area; <u>upper</u>: - black PU coated grey microfiber declared 1,5mm thick (PY-2085) matched with white felt (PY-510) in the internal side and toe-tip area; - black PU coated grey microfiber declared 1,2mm thick (PY-2082) matched with white felt (PY-510) in the internal side and heel area; - black PU coated grey microfiber declared 1,2mm thick (PY-2082), light blue foam material (PY-419), black knit fabric coated with black PU (PY-230) and light blue foam material (PY-418) coupled together, in the internal ankle area and internal and rear collar areas; - black and grey knit fabric (HF-153A), light blue foam material (PY-419), white felt (PY-510) and light blue foam material (PY-418) coupled together, in the external ankle and collar areas; - grey and black knitted fabric (HF-153A) white marked "KTM"; <u>vamp and rear/quarter lining</u>: black three-dimensional fabric (PY-357); <u>bodkins and strap lining</u>: black knit fabric coated with black PU in contact with the user (PY-230); <u>heel-grip</u>: black microfiber (PY-206); <u>bellows</u>: black stretch knit fabric folded within itself in double layer (PY-363); <u>insole</u>: white semi-rigid polymeric material (PP1100N); <u>removable insock (perforated)</u>: grey foam material matched with black fabric in contact with the user, white marked "READY TO RACE" in the heel area;</p> <p>The shoe has the following stiff inserts in polymeric material: - <u>lateral external insert</u>: fluo orange stitched on the upper in the bodkins area (PY-2089); - <u>lateral external insert</u>: black stitched on the upper in the lower side of the upper (PY-2089); - <u>lateral internal insert</u>: black stitched on the upper (PY-2089); - <u>internal and external ankle insert</u>: white and black inserted in the upper; - <u>external ankle insert</u>: black stitched on the upper.</p>
Technical Standard:	EN 13634:2017 Protective footwear for motorcycle riders – Requirements and test methods
Intended use:	use by motorcyclists for normal road activity, mainly on urban roads.
Size range:	from US 6 to US 14

EU Type Examination Certificate

Date: 2020/07/10

n. **084202801/OE**

Validity:
2025/07/09

Technical File: **DC-12268/E**

Test report: **RCT n° 3911318/E**

Functions and performance levels: **Requirements according to EN 13634:2017:** all mandatory ones, among which:

Height of upper	level 1
Impact abrasion resistance of the upper	level 2
Impact cut resistance of the upper	level 2
Transverse rigidity of the whole footwear	level 1

NOTE: the Technical Standard provides 2 performance levels with level 2 meaning the higher performance.

Marking: printed on stitched labels showing the following information:

- **CE Marking:**
- Name/Trademark of the Manufacturer + complete address (on a different label);
- pictogram indicating motorcycling use + nr / year of the Standard of reference + levels of performance reached during laboratory tests;
- the "i in the booklet" pictogram inviting the user to read the User Manual;
- designation of the footwear (alphanumeric code: unique/unambiguous);
- size of the footwear (US + EUR);
- additional information: "Made in...", "Designed and developed in...", internal codes, date of production (month – year, on a different label).

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
