RS Remote Parka

A high-quality, technical three-layered material – with a clean, simple linear design – makes the Husqvarna RS Remote Parka a smart everyday jacket that protects you from the elements. A storm, cloudburst or continuous rain might hit at any time, but you'll stay dry thanks to the water and windproof, yet breathable, parka. Its many features include an adjustable hood and spacious pockets to keep all your important belongings dry. Combined with a warm midlayer, it will always keep you warm and comfortable. Whether you need to face the elements or need the perfect piece to complement your stylish Husqvarna look: the RS Remote Parka is the best choice.

3RS21001330X / RS Remote Parka
